To whom this may concern,

Having worked with Jeanne Dunnett many times over the last several years, I feel well qualified, and am pleased to recommend her services as a design and staging consultant. Jeanne has been responsible for the staging done in many of my listings which have sold over the last few years.

Jeanne has many exemplary qualities which enhance her efficiency as a business person. She is a great communicator and is very organized. She is always on time and meets deadlines for commitments that she makes. Jeanne has a fantastic eye for color and design. She can walk into a home and know instantly what needs to be done in order to transform the space into one that draws people in and makes them feel comfortable. She can make people move through a space by focusing their attentions on important home features and qualities, while minimizing others. Jeanne is also very conscious of working within monetary guidelines provided by her clients when this is necessary.

I will continue to utilize Jeanne's staging and design services, as I consider them essential to the success of my own business. Please feel free to call me at any time, should you have any questions regarding my strong recommendation that others use her services as well.

Sincerely,

Christine Ferris
