

In Spring of '09 I hired Jeanne Dunnett of Tahoe Transformations to stage my home before I put it on the MLS in Incline Village. Since 2002 I have hired staging companies in Carlsbad, Palos Verdes, and Pismo Beach. In my experience, the evaluating, re-arranging, and addition of new furnishings by a professional stager quickens the sale and adds thousands to the selling price. Jeanne has a keen eye for transforming a good home into an appealing eye-catching must-have house. Jeanne is effective, efficient, and sensitive to her client (a home is certainly a personal matter). I will be calling on her again.
